Grandparents Day a Huge Success!

A huge thank you to all who helped us organize the TCS Grandparents Day last Friday. It was a wonderful day and we were very blessed to have so many grandparents come and visit TCS for the day!

To quote one of our grandparents who sent us an email over the weekend:

"It was wonderful to see a school with students so fully engaged in learning! The atmosphere in the school is alive, enthusiastic and positive. The Project Based Learning units have the students working together doing in-depth research and creating very professional looking projects which they can explain in depth. They make use of their basic academic skills while learning to work together and gain a deeper understanding of their world. Some hands-on units even involve the students in learning how to deal with municipal by-laws and introduce them to entrepreneurial skills.

Congratulations to the staff who have made these amazing learning experiences possible!"

~Paige McDermott (TCS Grandparent)

Supporting our Grade 8 students as they prepare to go to High School in September 2018...

Unity Guidance Counselor meeting with Grade 8 students this Thursday

On Thursday, May 3, a guidance counselor from Unity Christian High School will be coming to TCS to speak with our Grade 8 students (ones for sure going to Unity in the fall) about transitioning to high school, course options, etc. Please make every effort to have your grade 8 student at school for 9am so that they don't miss this important information session. If you are unsure where your child is attending high school in the fall and would like them to attend this session, please email the office permission for them to attend.

Please note if you have questions about Unity, Al Schenk, the principal of Unity Christian High School, will be available 30 minutes before our membership meeting on May 24 to connect with any of our grade 8 parents in the French classroom.

Evelyn Tigwell meeting with Grade 8 students attending local Public High Schools

We are presently communicating with Evelyn Tigwell (former TCS parent who is a guidance counselor at a Simcoe County public high school) about meeting with our grade 8 students who will be attending local public high schools and walking them through course information. We are hoping to have this in place within a week or two regarding a specific time and date.

Survey regarding potential full-time JK/SK Program - due this Friday

Just a final reminder that we will be closing the survey this Friday regarding the potential for adding a Tuesday and Thursday program to the JK and SK part-time program. We presently have heard from six of our families who might be interested which is short of the 8 - 10 that we would need to run the program. *If you have difficulty accessing the survey online, please send your response to*

tcsgen@timothychristianschool.ca

The board needs to know the interest of the current TCS community to see if there is a need for this program as several potential parents have asked for this option. Please email the office at *tcsgen@timothychristianschool.ca* by **Friday, May 4th** if you are interested in this program and are willing to put down a \$100 deposit to hold a spot for the fall. The board will inform the community by the middle of May if there is enough interest in such a program to run it in September 2018.
